Mr. Joe Salama  
S-Works Construction  
6460-H General Green Way  
Alexandria, Va. 22312

Dear Joe,

Now that the construction projects at ATS-2 and ATS-3 are virtually complete, I would like to take the time to thank you for your professionalism, responsiveness, timeliness and your overall "Can-Do" attitude. As you know this site is in a serious growth evolution. Space is worth its weight in gold and our customer is very demanding. Your team undertook this project knowing the performance period was tight and the customer would be right there watching the progress. In light of all of this and some minor problems with one of your subcontractors, you delivered two \$90,000 projects within budget, on schedule and to the satisfaction of a very particular Project Manager. The customer was very happy with all of this and wasted little time utilizing the spaces.

It became evident to me early on that you are very conscious of customer satisfaction, meeting schedule requirements and achieving perfection. It is truly a pleasure working with a company with a professional like yourself at the helm. In my experience, attitudes and professionalism always trickles down from the top. I thank you for your efforts and look forward to working with you again on future projects.

Sincerely:  
  
Robert J. Buttgereit  
Project Manager
