Mr. Michael Pates
S Works Construction
5602 General Washington Drive
Alexandria, VA 22314

Dear Michael:

My purpose in writing this letter today is to commend S Works Construction for consistently providing our clients with a high standard of quality workmanship. It has been our pleasure to work with S Works Construction over the past several years. Your ability to perform under severe time constraints and deliver an excellent product attests to your sophistication and your ability to deal with complex commercial build-outs. S Works ability to navigate their way through the construction process including pre-construction costing analysis, value engineering and project management has proven invaluable to GTM Architects, Inc. and our clients.

We are proud to be associated with S Works Construction and appreciate your continued commitment to our team. It is our pleasure to take this opportunity and thank you for the outstanding service S Works Construction has provided throughout the years to GTM Architects, Inc.

Thank you for being an asset to the GTM Architects, Inc. team. We look forward to continuing this relationship with S works Construction well into the future.

Sincerely,

Barbara Slater Magistro, ASID
