Dear Joe:

Now that we are finally settled in our new space, I want to take a minute to thank you for the work you and your team have done at ioWave's new office space. I am well aware that the time frame in which the construction had to be completed was quite aggressive and I sincerely thought that we would not be able to have it done by then. The frequent changes we made as the project was already under way only made it more challenging for you and your team. Nonetheless, S-Works was able to complete the project ahead of schedule. In addition, I was extremely impressed by your team's professionalism and the quality of its work.

In the future, S-Works Construction will definitely be my first choice for any construction project our company might undertake.

I thank you and your team for a job well done.

Sincerely,
